Welcome back to Melissa Mercuri who returns from maternity leave.

Congratulations to 31 of our staff members who had the opportunity to participate in EDIE workshops (Educational Dementia Immersive Experience) with Dementia Australia. With the help of a virtual reality smartphone app, participants were able to see the world through the eyes of a person living with dementia. The workshops were very educational and beneficial to the staff and residents at Moyola.

Update from Fraser Kerrins – Operations Manager

Recently spent 2 days in Sydney at the Aged Care Reform post Budget 2018 conference.

Getting ready for AGM in October and compiling the financial statements ready for the auditors to review.

End of an era as we farewell Moyola Cottages on Service St this Friday. We wish the new landlords all the best. All of the current tenants will remain.
